PRO Academy Commitment

CAPE: Clarity - Accuracy - Proficiency - Execution

Thank you for making the commitment to PRO Academy! Your dedication to a deep understanding of your role as a Remote Online Notary is directly related to the value you provide your clients. Simply stated; commitment precedes success.

Our role plays have been developed sequentially, allowing you to comfortably build on each skill acquisition. They are formatted to include all team members, and adhere to a strict time schedule. Therefore, your on-time and consistent attendance is essential.

We will provide you with the necessary tools and information required for each section. Our expectation is that you bring your focused energy and attention, along with coursework completed prior to each role play.

As we progress through each module, you will be asked to demonstrate skill proficiency. This will help prepare you for the final step before course completion; successfully navigating an error-free mock notarization. This is required for live access to the notary platform.

We are dedicated to your success. Your signature expresses the acknowledgment of your willingness to complete the course requirements.

***This document must be notarized within 7 days of starting PRO Academy.
